Notice to Exhibitors

Each exhibitor is responsible for knowledge of the official NCA Regulations copyright 1999, revised April 2019, effective July 1, 2019 governing a draft test and the applicable standards of performance. A copy of the official NCA Draft Test Regulations may be downloaded from the NCA website at: www.ncanews.org or by contacting the Working Dog Committee Publications Secretary, Dwight Gorsuch, 6282 Burris Road, Rock Hall, MD 21661.

Test Site

Camp Barton is situated on 300 acres on the west shore of Cayuga Lake near Trumansburg, NY. The test area consists of several wooded maintained trails, a large open field ringed by large trees and a wide (~ 5 foot) shoulder along a limited access county road that runs through the camp. The area has several changes in elevation and terrain including gravel/dirt paths, gradual slopes along with grassy surfaces, pine needle strewn paths and gravel/asphalt paths/roadways that are maintained by Camp Barton personnel.

The **staging area** is a large covered pavilion with picnic tables and adequate cover for both exhibitors and dogs. The **obedience course** will take place in a large, grassy field. The **maneuvering course** will be held on natural terrain with grassy areas, rocks and trees, etc. The **freight haul** will include natural terrain including but not limited to a paved/graveled roadway, a wooded packed dirt path which may be covered with leaves/pine needles and may run beside water, and an open grassy field.

There is ample shade and parking. Restrooms include a porta john just off the beach area and a bathroom with running water and sinks at the north end of camp. Hospitality is in the covered pavilion. You will be able to unload your crates/equipment at the site, and some handicap parking is available. **Please notify the Test Secretary as to what provisions you will need.** There is a shaded lawn next to the pavilion where you can set up crates. A Safety Officer shall be notified of the location of all dogs attending the event.

Site Familiarization

As specified in the NCA Draft Test Regulations, **each division** will begin with a familiarization. Each familiarization period will have a suggested 30-minute time period at the judges' discretion for walkthrough of the course. This will be followed by entrants' questions and judges' instructions. **There will be no practicing in the test site area at any time.**

Equipment

Each exhibitor is responsible for providing his/her own draft test equipment.

Advanced Draft Weight Exchange Item will consist of compacted sawdust blocks bound together with plastic wrapping and having the following dimensions: 8 $\frac{3}{4}$ " tall, 10 $\frac{1}{2}$ " wide and 17 $\frac{1}{2}$ " long. The total weight is 30 lbs. exactly. Pictured below is the Advanced Draft Weight Exchange Item.

Advanced Draft Drag Away Removable Obstacle is a log 33 inches in length and 5 inches high with two hook eyes weighing approximately 14 lbs. Pictured below is the Advanced Draft Drag Away Removable Obstacle

Spectators and Non-entered Dogs

Spectators as well as non-entered dogs (**except bitches in season**) are welcome at the GRNC Draft Test. As a courtesy to our exhibitors, we ask that all dogs be kept quiet and leashed or crated. No dogs will be allowed on the test site areas. The Safety Officer shall be notified of all locations of all dogs attending this event. **Spectators will be required to sign in at the Test Secretary's desk.**

Safety Observances

Dogs must be crated or on leash at all times. When on leash, the length of the leash must not exceed SIX feet and may NOT be a retractable leash. When on leash dogs must be under control at all times. Dogs showing uncontrolled or aggressive behavior will be asked by the event chair, a board member, Safety Officer or other official to leave the site promptly or be crated for the duration of the test.

NOTICE: Anyone entering or attending this test agrees that the test committee has the right to remove, using whatever means is necessary, any animal from any vehicle or other containment that in their opinion is in distress.

Dog Aggression

The WDC and the NCA have adopted the AKC official policy concerning dog attacks that lead to an injury, either to a person or to another dog. Also, Draft Test Judges may excuse, and even ask to have removed from a test site, if necessary, any dog that appears dangerous to other dogs or persons. Actual reports of dog attacks causing injury to either a dog or a person would go directly through the grievance process. If a judge excuses a dog for aggression that automatically creates a grievance that must be handled by the WDC. No fee is required when this occurs. The test committee must follow the grievance process by collecting witness statements from entrants, stewards or spectators, and the judges. The grievance paperwork will then be forwarded to the WDC, and ultimately to the NCA Board of Directors for a decision. A grievance may be filed by the person injured, the person whose dog was injured, or any witness to an attack causing injury. The dog in question should be removed from the test site and cannot be entered in any subsequent NCA working events pending the completion of the grievance hearing process through the WDC, with subsequent action by the Board. Any future test in which the dog was already entered must be forfeited with the dog in question banned from the test site pending completion of the grievance process. The recommendation of the WDC will be sent to the NCA Board following the grievance hearing, which would end the WDC jurisdiction. The Board will review the recommendation of the WDC; decide if the dog will be suspended from entering NCA Working Events and establish the time period. When the suspension period is completed, the dog may be reinstated if it has fulfilled all requirements of the WDC reinstatement process, the Board reviews the documentation of the requirements and the Board approves its reinstatement.

AKC Rules Applying to Dog Shows: Chapter 11, Section 15- Any dog, that in the opinion of the Event Committee, attacks a person or dog at an AKC event, resulting in an injury, and is believed by that Event Committee to present a hazard to persons or other dogs, shall be disqualified by the Event Committee pursuant to this section, a report shall be filed with the Executive Secretary of The American Kennel Club. The disqualified dog may not again compete at any AKC event nor be on the grounds of an AKC event unless and until, following application for reinstatement by the owner to the American Kennel Club, the owner receives official notification in writing from the AKC that the dog's eligibility has been reinstated.

Photography Release: Use of images and publishing of results

By entering this event, you hereby give your consent to publish and/or alter any and all photos and/or videos (hereby referred to as Images) taken of you or your dog(s) that are present during this event, whether they are entered as exhibitors or not, and you agree to waive any claim, action, lawsuit and further agree to indemnify and hold NCA, the host club, and any Judge harmless from claims, actions or lawsuit resulting from the use of these images and your participation in this event. Results of the event, whether dogs passed or failed, the names of dogs, the names of handlers, the names of owners, and/or the names of breeders may also be published. Use of and publishing may be in any printed format, including but not limited to, email, websites and/or social media.
