Eligibility Saturday April 22, 2023 Testing: This test is open to purebred Newfoundland dogs (of either sex) that are at least eighteen (18) months of age on the date of the test. In accordance with NCA rules, other breeds may be eligible to enter the test under the following conditions: If there are 11 or less Newfoundlands entries, the all-breed entry will not be judged until after all Newfoundlands have been judged and the Newfoundland test is considered finished including bitches in season. If there is only one all breed dog, there must be a "volunteer" dog to participate in the required group exercises. In no case will the total entry exceed 15 dogs/teams. All entered dogs of any breed must have an AKC registration number, ILP or PAL number, or foreign registration number.

Eligibility Sunday April 23, 2023 Testing: This test is open only to purebred Newfoundland dogs (of either sex) that are at least 18 months of age on the date of the test. All entered dogs must have an AKC registration number, ILP or PAL number, or foreign registration number.

Entry Fees and Policies: There is an entry fee of \$45.00 per dog or team entered per test. The draft test is limited to a total of fifteen (15) entries per day including the Advanced Draft Dog test following the entry limitations as detailed for each day in this premium. There must be a minimum of four (4) entries per day to hold the test. A copy of the AKC Registration Certificate must accompany each dog entered. Entries for this test will be accepted through the NCA's online registration service at <https://www.ncanewfs.org/wdc> as well as through the traditional paper method. Please complete an online entry or the enclosed NCA Working Test Entry Form for each dog entered. Make checks payable to Genesee Region Newfoundland Club. Send entries to Jody Ayers 946 State Route 369 Chenango Forks, NY 13746. The opening postmark date/electronic entry date for entries for NCA members is Monday, February 27, 2023. The opening postmark date/electronic filing date for non NCA members is Thursday, March 9, 2023. Early entries will be returned. The closing date for entries and making any changes to entries is 5:00 p.m. Eastern Time at the Test Secretary's home Saturday, April 1, 2023. Late entries will be returned. An e-mail confirmation will be sent upon the receipt of entry. Please include your e-mail address with your entry. If the number of entries exceeds the test limit, the procedure for alternates outlined in the NCA Draft Test Regulations will be used. There will be no post entries.

Online Entry: Entries for this test will be accepted through the NCA's online registration service at <https://www.ncanewfs.org/wdc> as well as through the traditional paper method. Entries submitted electronically will be assigned a postmark with the same date the entry is entered. Entries submitted by mail will be assigned the postmark given as per usual. Entries submitted electronically and via post will be considered equally in date order for slots in the test. NCA members will have the same early-entry window with both paper entry and electronic entry. If you are not a member of the NCA you will be prompted to provide the same contact information that you would provide on a paper entry once entries are open to non-NCA members. You will be prompted to enter or verify your dog's information and you will have the opportunity to upload an image of your dog's registration certificate. Please have an electronic version of your dog's registration form ready for upload before you begin the online entry process. If you experience problems using the online entry system, please contact Dan Zimmerman at dan@dogfishsoftware.com

Re-qualifiers: Re-qualifiers will be accepted on a space available basis. Untitled dogs will be given first priority even if their entry is postmarked after that of a titled dog.

Alternates: If the number of entries exceeds the test limit the procedure outlined in the NCA Draft Test Regulations will be used. If an entrant submits an entry to a Draft Test but is not assigned a place in the test, the Test Secretary must notify the entrant immediately after the closing date and give the entrant the option to be placed on the alternate list. If the entrant prefers not to be on the alternate list, he or she will receive a full refund. If the entrant chooses to stay on the alternate list and pulls their entry at a later date, before the test, they will not receive a refund.

Withdrawing Entries: To withdraw an entry, the entrant must notify the Test Secretary by telephone, email, or U.S. Mail. Do this as soon as possible. The Test Secretary must confirm receipt of such notification. The entrant will receive a full refund of the entry fee if the notification is received prior to the closing date and time for entries. The closing date for entries and making any changes to entries is 5:00 p.m. Eastern Time at the Test Secretary's home Saturday, April 1, 2023.

Bitches in Season: Bitches in season will be tested after all other entrants have been judged. When not being tested, bitches in season must be contained in a designated area well away from male dogs and the official test areas. Please notify the Test Secretary, as soon as possible, if your bitch will be in season.

Practice: There will be no practicing allowed in the test area at any time.

Trophies: Each exhibitor will receive an entry favor. In addition, each qualifying dog will receive a trophy.

Notice to Exhibitors

Each exhibitor is responsible for knowledge of the official NCA Regulations copyright 1999, revised May 2022, effective July 1, 2022 governing a draft test and the applicable standards of performance. A copy of the official NCA Draft Test Regulations may be downloaded from the NCA website at: www.ncanews.org.

Test Site

Camp Barton is situated on the west shore of Cayuga Lake near Trumansburg, NY. The test area consists of several wooded maintained trails, a large open field ringed by large trees and a wide (~ 5 foot) shoulder along a limited access county road that runs through the camp. The area has several changes in elevation and terrain including gravel/dirt paths, gradual slopes along with grassy surfaces, pine needle strewn paths and gravel/asphalt paths/roadways that are maintained by Camp Barton personnel.

The staging area is a large, covered pavilion with picnic tables and adequate cover for both exhibitors and dogs. The obedience course will take place in a large, grassy field. The maneuvering course will be held on natural terrain with grassy areas, rocks, and trees, etc. The freight haul will include natural terrain including but not limited to a paved/graveled roadway, a wooded packed dirt path which may be covered with leaves/pine needles and may run beside water, and an open grassy field.

Hospitality is in the large, covered pavilion nearest the roadway. A porta john will be located near the Hospitality Pavilion. There is no running water source available this early in the season. Please plan accordingly. There is ample shade and parking at the site. You will be able to unload your crates/equipment at the site. There is a shaded lawn next to the pavilion where you can set up crates. A Safety Officer shall be notified of the locations of all dogs attending the event. Please notify the Test Secretary as to what special provisions you might need.

Site Familiarization

As specified in the NCA Draft Test Regulations, each division will begin with a familiarization. Each familiarization period will have a suggested 30-minute time period at the judges' discretion for walkthrough of the course. This will be followed by entrants' questions and judges' instructions.

There will be no practicing in the test site area at any time.

Equipment

Each exhibitor is responsible for providing his/her own draft test equipment

Advanced Draft Weight Exchange Item will consist of compacted sawdust blocks bound together with plastic wrapping and having the following dimensions: 8 ¾" tall, 10 ½ "wide and 17 ½" long. The total weight is 30 lbs. exactly. Pictured below is the Advanced Draft Weight Exchange Item.

Advanced Draft Drag Away Removable Obstacle is a log 33 inches in length and 5 inches high with two hook eyes weighing approximately 20 lbs. Pictured below is the Advanced Draft Drag Away Removable Obstacle.

Safety Observances

Dogs must be crated or on leash at all times. When on leash, the length of the leash must not exceed SIX feet and may NOT be a retractable leash. When on leash dogs must be under control at all times. Dogs showing uncontrolled or aggressive behavior will be asked by the event chair, a board member, Safety Officer or other official to leave the site promptly or be crated for the duration of the test.

Un-entered Dogs

Spectators, as well as un-entered dogs are welcome at the GRNC Draft Test. However, un-entered dogs will not be permitted near the test site area. As a courtesy to our exhibitors, we ask that all dogs be kept quiet, on leash or crated. The appointed Safety Officer is responsible for ensuring that all un-entered dogs are kept outside and away from the designated test area.

Dog Aggression

The NCA and the Working Dog Committee have adopted the AKC official policy concerning dog attacks that lead to an injury, either to a person or to another dog. Also, Draft Test judges may excuse, and even ask to have removed from a test site, if necessary, any dog that appears dangerous to other dogs or persons.

NOTICE: WAIVER OF RIGHTS – Animals in Distress

The Newfoundland Club of America, Inc., and the Regional Club hosting this event reserve the right to remove any animal in distress from a parked vehicle or crate, and all persons attending this dog event hereby waives any claim for damages against the Club for such removal. The NCA regards the health, safety, and life of any dog on the event grounds to be paramount to other property or privacy rights. If the owner cannot be found in a timely manner, we will take whatever action is necessary for the safety of the dog, which may include breaking windows to enter a vehicle. Dogs found in an unsafe environment, distress, or in harm's way (for example, left in a vehicle without proper ventilation) will be removed to safety. Exposing a dog to an unsafe environment, distress or harm's way is considered mistreatment and subject to appropriate discipline.

Anyone entering or attending this test agrees that the test committee has the right to remove; using whatever means is necessary, any animal from any vehicle or other containment that in their opinion is in distress.

Photography Release: Use of images and publishing of results

By entering this event, you hereby give your consent to publish and/or alter any and all photos and/or videos (hereby referred to as Images) taken of you or your dog(s) that are present during this event, whether they are entered as exhibitors or not, and you agree to waive any claim, action, lawsuit and further agree to indemnify and hold NCA, the host club, and any Judge harmless from claims, actions or lawsuit resulting from the use of these images and your participation in this event. Results of the event, whether dogs passed or failed, the names of dogs, the names of handlers, the names of owners, and/or the names of breeders may also be published. Use of and publishing may be in any printed format, including but not limited to, email, websites and/or social media.
