FOR BOTH NCA WRDX, WD, WRD TEST AND GRNC ALL BREED WD, WRD TEST:

Equipment: Each exhibitor is responsible for providing his/her own water test equipment, including a U.S. Coast Guard approved personal flotation device and suitable foot protection to be worn in the water.

Eligibility: This NCA Water Rescue Test is open only to purebred Newfoundland dogs (of either sex) that are at least 6 months of age on the date of the test. All entered dogs must have an AKC registration number, ILP or PAL number, or foreign registration number. The GRNC All Breed WD & WRD Test is open to dogs of either sex that are at least 6 months of age on the date of the test.

Alternates and Refunds: If an entrant submits an entry to a water test but is not assigned a place in the test, the test secretary must notify the entrant immediately after the closing date and give the entrant the option to be placed on the alternate list. Entrants placed on an alternate list will receive a full refund if they do not get into the test on test day. Should an entrant have two dogs entered and one dog is on the alternate list, the entrant cannot substitute the alternate entry for the regular entry. If the entrant must pull the entered dog, then the first dog on the alternate list will fill the opening.

Withdrawing Entries: To withdraw an entry, the entrant must notify the Test Secretary by telephone, email, or U.S. Mail. Do this as soon as possible. The Test Secretary must confirm receipt of such

notification. The entrant will receive a full refund of the entry fee if the notification is received prior to the closing date and time for entries. The closing date for entries and making any changes to entries is Friday September 1, 2023 at 11:59 pm EST at the Test Secretary's home.

Bitches in Season: Bitches in season may participate in NCA Water Tests. Bitches in season will be kept out of the test area and away from all other dogs until called for by the judges. Bitches in season shall be judged at the conclusion of judging for that day. When Junior, Senior and Excellent Division entries are judged on the same day, any bitches in season shall be judged after regular judging for all divisions has been completed, including post entries. Bitches in season will be judged in the order that their divisions were judged earlier in the day. This applies to two (2) day tests which are held back to back as well.

Bitches that have had an ovarian sparing spay are required to be tested as "Bitches in Season."

Please inform the Test Secretary as soon as possible if you know you will be bringing a bitch in season, or one with an ovarian sparing spay to the test.

Practice: There will be no practicing allowed in the test area at any time.

Trophies and Awards: Each entrant will receive a hospitality gift. Each qualifying dog will receive a trophy as selected by the Water Test Committee. A Good Sportsperson Award will be given each day as determined by the Judges.

PHOTOGRAPHY: Please note that multiple photographers will be on site throughout the testing. Photographers may be in close proximity to working entrants both on the beach and in the water at various times. Photographers will remain outside the marked test area and will be respectful of all entrants. **IF YOU HAVE A PREFERENCE AS TO PROXIMITY OF ANY PHOTOGRAPHER AT THE TIME YOU ARE TESTING, PLEASE NOTIFY THE TEST CHAIR PRIOR TO YOUR TESTING.**

Test Site: The Water Test site is located on a private residence on the West Shores of Cayuga Lake. The site is on a large lake and consists of a soft shale beach which continues beyond swimming depth. The average Newfoundland swims about 20 feet from the shoreline dependent upon seasonal water level. Wind and wave action can result in choppy water. There is ample shade with a nice view of the test site. Restroom is a porta john just off the beach. Hospitality is under the tent on the lawn adjacent to the test beach. There is ample parking on private property across a public road west of test site. You will be able to unload your crates at the site, and some handicap parking is available. Please notify the Test Secretary what provisions you will need.

Unentered Dogs and Spectators: Spectators will be welcome. Unentered dogs will be allowed but must be confined away from the test area during testing hours.

Safety Observances: Dogs must be crated or on leash at all times. When on leash, the length of the leash must not exceed SIX feet and may NOT be a retractable leash. When on leash dogs must be under control at all times. Dogs showing uncontrolled or aggressive behavior will be asked by the event chair, a board member, Safety Officer or other official to leave the site promptly or be crated for the duration of the test.

Waiver of Rights -- Animals in Distress: The Newfoundland Club of America, Inc, and the regional club hosting this event reserves the right to remove any animal in distress from a parked vehicle or crate, and all persons attending this dog event hereby waives any claim for damages against the Club for such removal. The NCA regards the health, safety, and life of any dog on the event grounds to be paramount to other property or privacy rights. If the owner cannot be found in a timely manner, we will take whatever action is necessary for the safety of the dog, which may include breaking windows to enter a vehicle. Dogs found in an unsafe environment, distressed, or in harm's way (for example, left in a vehicle without proper ventilation) will be removed to safety. Exposing a dog to an unsafe environment, distress, or harm's way is considered mistreatment and subject to appropriate discipline.

NCA Policy on Dog Aggression *Please police dogs carefully*

"Any dog that in the opinion of the Event Committee, attacks a person or a dog at an NCA working event, resulting in an injury, and is believed by that Event Committee to present a hazard to persons or other dogs, shall be disqualified. When the Event Committee pursuant to this section disqualifies the dog, a report shall be filed with the NCA Board. The disqualified dog may not again compete at any NCA working event, nor be on the grounds of an NCA working event unless and until, following application for reinstatement by the owner to the NCA Board, the owner receives official notification in writing from the NCA Board that the dog's eligibility has been reinstated."

The NCA Water Tests are a series of exercises designed to develop and demonstrate the abilities of the purebred Newfoundland Dogs in an aquatic environment. The Newfoundland has historically functioned as a working companion to its owner, and members of the breed have participated in many heroic rescues. Performance of these exercises is intended as a demonstration of skills developed through both natural ability and training rather than a competition between dogs or handlers. The emphasis in the Water Tests is on teamwork between dog and handler in realistic work and rescue situations. Efficiency in accomplishment of tasks is essential; however, it is also desirable that the dog evidence willingness and enjoyment of his work in a combination of controlled teamwork with his handler and natural independence.
